CHANGE

we've come
a long way

It is a dawning of a new era for Lynn University, where technology and time are on speed dial. The past we had left behind us and the future we embraced with open arms. Being a part of Lynn University we tend to forget the important history we have at our feet.

The university had gone through major transitions over the past century.

The start of our university was in 1963, with the instution of Marymont College, an all womens catholic school, that had a two year academic program. The classes were taught by nuns and the purpose was for women to advance with the times.

In 1973, things took a turn Marymont College emerged into the College of Boca Raton. The College of Boca Raton offered a new program that focused on men and women. The college also built new buildings and transformed into a four year program.

This four year college was growing quickly, whether it was through academics or student growth. In 1991, the Lynn family took an interest in our unique atmosphere.

The name soon changed to Lynn University, and adopted a more diverse campus, which welcomed students from all over the world. The campus added more buildings to suit the needs for the academic programs.

Story By Kari Gonska

The library is one of the major additions to Lynn. During the College of Boca Raton years, the library used to be in the Green Center.

Trustees are breaking new ground to a better future for the university.

"Over the years students seem to be more focused on community involvement and more concentrated on their majors."

Greg Malfitano, Vice President of Student Services

Trinity Hall has been around since 1963, and is one of the oldest buildings on campus.

The original plans for Marymont College in 1963.

College of Boca Raton took over in 1973, and it was a dawning of a new era for the campus.

Lynn University at an arial view shows how the campus is changing to a more diverse student body. It is also expanding to a larger campus.

Dedication

Weldon Case Dean of Aeronautics

Weldon W. Case, the Dean of the Burton D. Morgan School of Aeronautics, passed away September 30 from an apparent heart attack at an Academics Affairs Dean's meeting held on September 28 in the library on campus.

Mr. Case has been the Dean of Aeronautics for nearly two years. He was the chairman of the first major capital campaign at Lynn.

He was instrumental in the expansion of the aviation program. "He moved quietly and effectively in insuring that the many contributions of his time, energy and resources were well placed," President Donald Ross said.

Mr. Case was the chairman and chief executive of the Alltel Corporation until 1991 when he retired. "He was a pioneer and innovator in the field of telecommunication," Dr. Ross said.

He is survived by his wife, Beatrice Case; two brothers, Nelson and Theodore Case; two sons, Thomas and William Case; four grandchildren, and three great-grandchildren.

His funeral was held at the Congregational Church at Boca Raton, September 4. Eulogies were delivered by Dr. Donald Ross and Burton D. Morgan.

"He was a leader in every sense of the word," Dr. Ross said.

The Yearbook Staff is proud to dedicate the 1999-2000 edition of the Excalibur to this fine leader and role model.

story taken from THE PULSE

MINGLING WITH THE BOSS. Sophomore Megan Bubb and Senior Fran Giudici speak with President Ross about the beginning of the new school year.

BREAKFAST CLUB. President Ross was the guest speaker at this meeting of all the club and organization's presidents.

EV

BY THE PEOPLE, FOR THE PEOPLE. President Ross addresses an audience of students. He thanked the students for all of the hard work they put forward.

POSING WITH THE PRESIDENT. Freshman Paula Santos and Gisselle Gutierrez take the opportunity to get their picture taken with Dr. Ross.

...And Now a Message from the President

A reflection from Dr. Ross

The turning of the millennium marked the beginning of a new era for Lynn University. Once a small, local college, Lynn has become a University of great dimension and international prestige, attracting students of high merit and a faculty of esteem. We have a renewed sense of pride in our identity and our distinctiveness. Here are just a few reasons why:

We believe in the individual potential of every Lynn student. At Lynn, students are encouraged to engage themselves in everything they do—in their work, in campus activities, in their interests, in life—in the hope that they will learn as much about themselves as they do about the disciplines they study.

Dialogue thrives on Lynn University's campus. With a student population representing 73 countries and 38 states, Lynn is an extraordinarily diverse hub of conversation and interpersonal learning.

It is the norm, rather than the exception, for faculty and staff to make extra opportunities for interaction with students and to reach out. As a result, students often describe Lynn as a home and their teachers as a family. These personal relationships are the Lynn tradition, the campus culture and the University's soul.

Lynn University has always thought the most useful education comes from a core liberal arts background combined with practical skills and experiences. Through labs, internships and mentoring, we prepare our graduates with career-oriented, marketable skills—intensive field training that sets our students apart from other job candidates.

Finally, we know our students hold great potential, not only for themselves, but for the community and for the world. We strive to ground our students in two basic beliefs: they must use their influence in positive ways and they have a personal duty to give back.

As we reflect on Lynn University's past and imagine its future, we all can feel fortunate to be part of such a special place and true community.

Midnight Madness gave students a chance to prove how good they really are at basketball.

The weekend hotspot for Halloween was Universal Studios in Orlando.

Silvia from Uganda, Africa, and Martha from Miami, Florida watch all the crazy students on campus.

Will Hearst quickly gets ready for his next class, after his dilectable lunch in the Elmore Commons.

"Nobody can withstand my intelligence here at Lynn University!"
Senior Jean Dubuisson

LIFE ON CAMPUS MEANT A LOT MORE THAN CLASS **TUDENT LIFE**

A Friday afternoon laying on the beach with three of your closest friends you recap the past week. You are tired after eating a big lunch at Houstons, and it suddenly hits you that it is now mid November and there is not a chill in the air.

After talking to some friends from home you realize that your college experience is totally different from theirs.

Lynn University is unique because of the wide range of activities offered on and off campus. Student life is not only about activities on campus, but it is also about taking in what this metropolitan area has to offer.

The town of Boca Raton is centrally located between the areas of West Palm Beach and Fort Lauderdale. This location gives the students a feel of what the nationally known

KNIGHT LIFE. The school mascot gets the crown going at *Midnight Madness*.

hot spots are all about.

With Miami only about 45 minutes away students can relax on the shores of South Beach. They also get the opportunity to travel as far as Key West for the weekend.

Students that attend Lynn University are very lucky because they have

the best of both worlds. They get the craziness on campus with the different organizations and activities offered. They also get to experience life outside Boca Raton.

"Lynn University is a good school for my major, and it also has a variety of activities for students. You can't beat the location, right down the street you have the mall and the beach," said Sophomore Una Setshwane a hospitality major.

Students realize how lucky they are and take full advantage of everything Boca and Lynn have to offer.

"Boca is a melting pot which suits everyone's needs and interests. There is something for everyone here," said senior Lara Murdock, Sports and Recreation Management major.

Story By Kari Gonska

Student Life Divider

International Journey

Orientation to a new country

FINDING YOUR WAY AROUND. Freshmen Rob Cullin fills out paper work as he goes through the lines.

It was 9 a.m in September when the students arrived at Lynn University to check into the Residence Halls. At Noon the students were led into the Elmore Commons to enjoy their first meal at the university. They then experienced the beautiful town of Boca Raton and indulged in some shopping in their new found home. In the evening the International Students were taken to Miami, to board a boat that toured Key Biscayne.

"Basically the International phase of our orientation is to ease the students into the transition, and to help them relax and educate them about the community. It is also designed to introduce them to the main portion of the university wide orientation." Sheila Shepard Sciarra, Assistant Director of the Center for International Programing.

Story By Kari Gonska

SETTLING IN. This new student brings his essentials for a new beginning in his life on campus.

How It All Began

Going into the gym some students could look back on their years at Lynn and the others were looking into their future years. This freshmen class numbers made a record high with 600 new students.

"Knowing you're going to be away from home and not knowing a single person made me think whether I was going to get along with everyone, but I realized that I wasn't alone, we are all on the same boat," said freshman Jon Williamson, Business Management major.

During Orientation Week there were tons of activities going on for everyone to get to know each other. The first night with rain and all 'Austin Powers' was still able to be shown. The night when all the returning students got back there was a full house to see 'The Have Nots,' which was an improve comedy show. The week ended with Midnight Bowling at Don Carter's.

KOR was an integral part of the Orientation process. "I was proud to say I am a KOR member, because we played such a big part in the new students transition into a whole new setting. This made things easier for them and the administration throughout the 2 day process," said sophomore Jordan Kulh.

Story By Fran Giudici

What would you change about the orientation process?

FRESHMAN
Jeremy Mattia

"I thought it went well but I would try to shorten the line."

SOPHOMORE
Melody Posada

"I think the school should have a dance to start the year."

JUNIOR
Rudy Samalle

"Nothing, I thought they were pretty accurate."

SENIOR
Eva Acosta

"They were very helpful, really nice, and very accomodating."

BREAK FROM THE REAL WORLD. Kaia Beck spoke on her experiences of living with an alcoholic in Hawaii.

Marvelous Mocktails

Organizations battle for Best Drink

The Mocktail Contest during Alcohol Awareness Week provided clubs and organizations an opportunity to compete for the most creative nonalcoholic beverage. Drinks ranged from fruity and frozen to fun and frothy.

"The event was fun and different. All of the groups had very creative entries," said freshman Fashion Design major Ana Segura.

Knights in the Community placed first with their concoction "Hawaiian Lion," and there was a tie for second place between Model OAS (Organization of States) and STAR (Students Teaching Awareness and Responsibility).

IN THE NAME OF FUN. Director of Counseling Bretta Kennedy, Seema Kumar, and Alden Taylor discuss the route for the 5K Fun/Run Walk. The Fun Run kicked off Alcohol Awareness Week with a positive wellness message.

Alcohol Awareness

Rather than focusing on keeping students from not drinking, Alcohol Awareness Week focused on activities that promoted a healthy lifestyle and responsible drinking. To kick off the week students competed in a Fun Run 5K that promoted health and activity. "This was the first year of the Fun Run and I think this was a great tradition to get started. I think it is a great idea to couple wellness with alcohol awareness week allowing the campus to focus on what students are doing positively," said Virginia Hayman, member of Alcohol Awareness Committee and Residence Director of DeHoernle.

James English, a speaker sponsored by Hanley Hazleton, spoke on Tuesday about his experiences as a recovering substance abuser.

Wednesday the Florida Panthers brought a traveling hockey shot taker to Freiburger lawn. Students took shots on the large inflatable goal and received a T-shirt if there shot hit. "It was really great to see some activities that were fun for Alcohol Awareness Week, instead of just the typical lectures," said Sophomore Communication major Danielle Winn.

On Thursday evening Kaia Beck from the Real World, Hawaii spoke to a full auditorium about her life experiences.

Friday afternoon campus received a visit from the Boca Raton Helicopter Rescue Team. They landed on the baseball field during the lunch hour to a crowd of 50 students who watched the touch down.

Did you enjoy Alcohol Awareness Week?

Tebbie Moisakano

Tebbie hands out information to students on why they shouldn't drink and drive.

Lorence Dippolito

Lorence is just about to take a shot on goal in the Florida Panthers inflatable hockey booth.

Aisha Cirino

"It was nice to enjoy a fruity beverage without having to worry about the nasty side effects."

Natasha Wright

Natasha helped hand out prizes to the winners of the 5K Fun Run Walk.

RIGHT AFTER LUNCH. Students often used meals as an excuse not to come to programs or activities on campus.

Hurricane Hype

Floyd and Irene cause major panic

In September Hurricane Floyd was projected to be a catastrophic hurricane, with predictions of it becoming a Category 5 storm. Lynn reacted by canceling classes for two days and preparing for the worst. All of the panic ended up being unfounded as Floyd turned and went North.

October brought along Tropical Storm Irene that progressed into a hurricane. Although it was only a Category 1 it made direct contact with Boca Raton. Power was lost all over campus, flooding was extensive, and several trees were downed during the hurricane.

BUT THE COMPUTER CRASHED...Freshman Justin Bangel works on the computer during a Freshman Seminar class. The computer labs were often full and printers had problems...just more reason to give an excuse.

All Kinds of Excuses

The hurricane came in handy for many excuse seeking students. College campuses are the mecca of excuses. Students use them for everything: to get out of class, to get out of trouble in the residence halls, to get out of parking tickets. You name it they will find an excuse for it.

"I use them for for everything. I had to use one for one of my communication classes so I could hand in a paper a day late. It seems I always have to take a family member somewhere important the day a big paper is due," said junior Abby Suazo.

Professors have heard several excuses over the years. "I have heard them all: there was a HUGE accident on 95, I got caught at the bridge, my car broke down, I got a flat tire. I had one student whose grandmother died 6 times in one semester!" said Professor Betty Rose Factor.

Some students get really creative and extreme with there excuses, no point in just making up little white lies.

"One time I told a professor that my house burned down and I didn't go to class for two weeks," said senior Jean Dubuisson.

However like the Boy Who Cried Wolf sometimes making up excuses can backfire. When you use too many excuses, you lose credibility when something serious really does happen.

What did you do during the hurricanes?

Jean Tilen

"I left the campus and went to Miami to see my family."

Taralynn Kiley

"I was an RA on duty. The power went out and people went crazy."

Bobbi Cook

"We stayed home. My place flooded. It was a giant inconvenience."

Andy O'Dell

"I was excited, I hung out at my house and was disappointed when Floyd didn't hit."

BREAK FROM THE REAL WORLD. Kaia Beck spoke on her experiences of living with an alcoholic in Hawaii.

Best of BocaRaton

Students get off campus and into town

For Lynn University students, their days and nights are filled with many exciting places to go and things to do. Students find it difficult to balance work and play, especially with the beach and the bars all right around the corner.

By day, Boca is a busy place. When the students are not in class and studying, they spend their time at the beach or by the pool. Many prefer to shop at Town Center which is located down the street from the university.

There is never a day that passes by when you don't see surfboards, golf clubs and shopping bags coming in and out of the dorms.

TAKE ME OUT TO THE BALLGAME. Judy Siegel, Manuela Gravia, and Paul Muir spend the afternoon at a Marlins game. South Florida had several teams to support: the Heat, the Dolphins, and the Marlins.

Where to go What to do

The time is early Friday morning when the sun was slowly creeping through the clouds. The streets of Boca Raton were starting to get into an uproar. The day had passed with anticipation of what will come for the night.

Plans were being made as the time turned to 5 p.m. The places to go are being discussed by students and workers.

Our choices ranged from billard bars to Karaoke and Open Mic bars. Well maybe tonight the scene is at a dance club. The people of South Florida have a choice to stay in Boca Raton or to adventure to Clematis Street, Ft. Lauderdale, or make the journey to the hot spots in South Beach, Miami.

This Friday night let's stay in and go to Miznar Park, walk the Spanish tiled sidewalks and catch a movie at the AMC. No let's go to Beach Place for Happy Hour then go out for some Midnight Bowling at Don Carter's.

Or wait we could always go for a late dinner at Houstons, Cheescake Factory, Fridays, Baja Cafe or Mezzanote's. Sound's like a plan doesn't it?

story by MEGAN BUBB

Where do you like to hang out?

Perla Bodden

"I love shopping at the Boca Town Center."

Katie Klayman

"I like to go to Adobe Gilises because it is fun and has a great Florida atmosphere."

Brooke Abramowitz

"I like to to the beach and hang out with my Sigma sisters."

Carrie Johnson

"I like to hang out at Beach Place and Sloppy Joes because all of my friends wok there."

TAKING A BREAK. RA's "Being a R.A. isn't all give, there are actually some great things you get in return!" said Andriea Brunstein, pictured at an RA barbecue.

Resident Directors

A tough job with big responsibility

For the first time in Lynn's existence there is now a Resident Director (RD) for each of the Residence Halls.

"Although the number of R.A.s remains the same, the university's residence hall now have added safety and supervision, thanks to the new R.D.s," said Kenny Hendrickson, Director of Residence Life.

Each RD now has a specific responsibility in addition to overseeing their hall. VA Hayman, RD of detboernle is also the advisor of RHA;; Kat Collins, RD of Lynn, is also the advisor to Judicial Board;; Tony Riccio, RD of Freiburger, oversees programming and Karla Cordero, RD of Trinity, is in charge of training and inservices.

PIZZA TIME. Sergio Sancho, Lisa Scalla, and Kristy Ann Murphy from Freiburger Staff take a break to eat some pizza at a staff meeting held on the Student Center..

Keeping House

Residence Life has handled the increasing number of students on campus by hiring more staff members to live in the Hall's. R.A.s are selected to oversee a minimum of 75 students each, with that number expected to increase in future years.

Being an R.A. came with a lot of responsibility. R.A.s created and presented approximately 225 programs a year for the residence hall students. The programs come under four categories: Educational, Social, Faculty Fellow (programs designed to enhance the relationship between the residents and faculty and staff) and Tie in, (programs designed to support other organizations and departments on campus). R.A.'s were also on duty 2 - 3 nights a week.

Besides hard work there were also several perks that came with the job: free room & board, a lot of fun, meet new people, help new students adapt to campus, learn to be a team player, improve and expand communication and listening skills, define ones leadership skills and learning how to organize your time.

WHAT'S THE ANSWER?. Students program in their answers during Think Fast a program offered through SAB.

Cool Coordinators

Keeping students happy and involved

The Office of Student Activities was comprised of three staff members: Craig Rinker, Kathleen Shehan, and Kristen Moraz. They worked diligently throughout the year to help students find their niche outside of the classroom. On any day of the week they could be found advising group meetings, driving a school van to some far off destination, or planning activities for the whole student body to enjoy.

"We have one of the greatest jobs on campus. We make sure that Lynn is someplace students want to stay," said Coordinator Kristen Moraz.

SNACK BREAK. Implemented by the Office of Student Activities, Knight Cafe was a chance for Continuing Education students to grab a bite to eat and catch up on the activities offered in and around campus.

Student Activities

Our campus is known for a wide variety of degrees and course. In addition to this are the activities that are offered to students through the Office of Student Activities. All work and no play is the recipe for a short and stressful life.

To break up the monotony of everyday classes there is a wonderful escape located in the heart of the university. As you climb the stairs and head towards paradise you can feel the stress and anxiety trickle down to the depths of which you came. Welcome to the second floor of the Lynn Student Center aka Student Activities.

The pure air from the patio is laced with the smell of fresh baking pizza. Your concentration is broken by the cracking sound of the billiard balls or the swift kicking sound coming from a scored goal at the Foose Ball table.

The Student Center provided students with a great place to hang out with friends, take a break from class get a snack or just relax in front of the TV. It was also a place where many student leaders gathered to plan for their upcoming events and meetings.

In short, like Snapple, the Office of Student Activities is made from the Best stuff on Earth.

story by KARLTON BROWN

Did you see any of these fun entertainers?

Laura Fuentes

Laura Fuentes was a musical performer that had a great Latino rhythm to her music

Jason Stewart

Jason Stewart has performed all over the country as a stand up comedian.

Fran Snyder

A talented guitarist and vocalist, Fran is a local who performed on Frieberger Lawn.

Midnight Bowling

Midnight Bowling was free to students from midnight until 2:00am at Don Carter's.

Key West Adventure

Students take a weekend trip south

Early November 30 students took a journey down to Key West. The trip was sponsored by the Office of Student Activities, and included transportation, a two night stay, and a sunset cruise. Students stayed at the Southernmost Hotel, a mere block away from the southernmost point of the United States.

Students enjoyed the beautiful weather, shopping, and the ever popular Duval Street. There was a Cuban American Festival going on that filled the street with music, crafts, and good food.

"It was a great time. It was fun to get away from campus for the weekend and you just enjoyed your-self in the sun," said freshman Jeremy Mattia.

BEAD TIME. Students wait on the steps as they get ready to leave Universal. There was a haunted parade where goblins gave out beads that visitors wore throughout the night.

Universal Studios

This past halloween students took a frightful trip to Orlando to celebrate the Holiday.

Every year universal closes part of its park to set up huge haunted mazes all throughout the park. The mazes take on different themes from scary movies like Psycho and The Mummy. Visitors walked through the mazes and got suprise attacks from ghosts and goblins, some of them even carrying chain saws!

Students spent the first part of their day in Island of Adventures at the newest theme park in Orlando. There were exciting new roller coasters following the theme of the Incredible Hulk and Dueling Dragons. Also in the park were theme areas centered around Dr. suess, Cartoon Land, and Jurassic Park.

"Universal Studios was an unique experience for me, because I missed the bus. Luckily I caught the group in time. It was fun, some of the rides were really interesting. I think we all had a good time eating and shopping at various places in City Walk," said senior Alex Flipse.

Halloween Fright Night provided student with a fun and interesting way to celebrate the most frightful night of the year.

"I really enjoyed the rides at the Islands of Adventure. The group that went was very diverse, yet entertaining," said sophomore Megan Bubbs.

The Sunset Cruise

POSITIVE ENERGY. Visiting guest speaker Becky Waldron takes a moment to pose with students from the Black Student Union. Becky spoke how to be a positive leader on campus.

Women's History Month

Celebrating their accomplishments

In an effort to celebrate Women's History Month, the Senate Activities Board brought on two women musical entertainers for their coffeehouse series.

"Women have made incredible strides in the music industry and we just wanted to expose students to some of the sounds and talents that are out there," said Senate Activities Board Chair junior Kari Gonska.

Beth Wood, a guitar playing vocalist played on Frieburger lawn. With tunes like Supermodel and Down on your Luck, she was an interesting mix of both cover songs and creative originals.

Jen Cohen, played the lawn with a distinctive jazz/rock n'roll sound.

PAYING CLOSE ATTENTION. Michael Bridges and Nytricha Smith listen intently to speaker Bill Nix in the deHoernle lecture hall. Students asked Mr. Nix several questions about Black History Month.

A Look at History

The Black Student Union took planning into their own hands when they planned February's Black History Month. The month was filled with both educational and social events for their group and all of campus to enjoy.

To kick off the month a motivational speaker, Becky Waldron came to share an important message with student leaders: that it is never too late to adjust your attitude and reach your goals.

Speaker Bill Nix spoke to students about the contributions that African Americans have made throughout history that are often overlooked.

The 2nd Annual Talent Jam was also held during this month with a wide variety of performances, from poetry readers to xylophone players.

A multicultural dinner was also held in an opportunity for students to share the food and festivities that come from their cultures.

The month ended with community service that took place on the beaches of Boca. The group did a beach clean-up to give some of their time back to the community.

Because of their programming efforts the Black Student Union was recognized as Student Organization of the Month for the month of February by the Office of Student Activities.

The Annual Black Student Union Talent Jam

Over 10 acts competed in this year's talent jam. Students read poetry, danced, played the xylophone, performed lip sync and sang. The evening was filled with incredible talent. Seen above are hosts Kenwood and Tanja along with two performers.

FULL SPEED AHEAD! Senior Lara Murdock rides atop the SGA float during the Homecoming Golf Cart parade. SGA came in second place.

Mr. & Ms. University

the first annual competition

The First Annual Mr. & Ms. University pageant was held during Homecoming Week. Twelve men and women competed for their chance to gain the title. The events included casual wear, active wear, and evening wear. Each competitor was also given a question to answer in front of the crowd. The six finalists were given a final question of a more serious nature.

Sophomores Dan Sullivan and Jane Schlesinger were crowned Mr. and Ms. University, and were featured in their own golf cart during the parade held at the end of the week. First runner-ups went to Lisa Delgado and Jon Williamson, while second runner-ups were taken by Megan Bubbs and David Gill.

SITTING PRETTY. Members of Black Student Union ride in their golf cart that they created and decorated for this section of the Homecoming Week.

Welcome Home

On February 22, 2000 the festivities of Homecoming began. Homecoming for the year 2000 was revised and traditions were set for the first time. The goal for Homecoming was to get active participants and to set new traditions. From the start of the Homecoming until the end each team put their all into the events and showed extreme school spirit.

The kick off of Homecoming was with window painting, where each team decorated a certain section of a window to show both school and team spirit. Wednesday each team member had to wear something that showed the school colors or school emblem to a sporting event on campus. Friday teams gathered together to go head on head with a relay race, involving swedish fish, three legged races, and floating across the lake. The winner of the relay races was SGA. In the evening each team member went to the Video Dance Party dressed in their Hawaiian clothing.

If all of these exciting events weren't enough the teams woke up early on Saturday morning to decorate a golf cart to parade around campus. Their destination was to greet the Alumni at the BBQ. The winner of this years Homecoming was Sigma who was awarded \$500, followed in second place by SGA who won \$200, while third place went to Best Buddies.

AMERICAN FANFARE. International Day brought tons of new foods and cultures, but one could not forget the timeless American food of Hot Dogs and popcorn.

International Day

A day of food, fun, and cultural traditions

International Day was held as the final event during International Week. Featured performers were the Fujisawa Hanadaiko who displayed the sounds of Japanese Taiku drummers. The drummers were dressed in traditional Kamonors.

The cafeteria was transformed into a multicultural experience. Flags from over 60 countries were hung around the cafeteria adding to the festive mood. Food from all over the world was served buffet style while students walked around learning about the different countries represented at Lynn.

"The food and the atmosphere were great. It was a welcome change from the normal routine," said senior Hunter Repley.

LIMBO! During the week, Kenyan Acrobats came to contort their bodies for students during the dinner hour. After their show they invited students to do the limbo with them.

What a Week

Sponsored by the International and Cultural Development Office, International Week provided the 26% of our students who are international the chance to share a little bit about their home country with students, faculty, and staff.

Lunchtime entertainment brought entertainers from around the world. Monday students enjoyed Cuban Music from Norberto and Marisela. On Tuesday Flamenco Larosa entertained our students with flamenco dancing and castinets. Thursday ate to the sounds of Avalon who provided Irish Folk Music. "It was so exciting to hear the drummers from Japan. The performers looked like they were having so much fun, at one point I almost jumped up on stage with them," said senior Danielle Hanoud.

The Sentate Activities Board also programmed for International Week by bringing Latino stand-up comedian Mike Robles from GALA vision. "I used to watch him all of the time when I was younger, I was so excited to see him in person," said freshman Ana Segura.

The Board also sponsored the Kenyan Acrobats who dazzled students with their flexible bodies and fire eating talents. "The way these men were able to contort their bodies was amazing, although it was hard to stamch during dinner," said junior communications major Mark Sullivan.

A look at who was represented...

Israel

Brazil

Japan

United States

Students spent many weeks preparing the information they would share with fellow students about their native countries. Some tables held events, like the Lucky Charms eating contest at the United States table in honor of St. Patrick's Day.

THE ULTIMATE CHALLENGE: The RA Challenge was the best way to end the long weekend by battling it out.

Celebrating Spring

A weekend of excitement and relaxation

Everlasting Memories

"As I jump into the mainstream of life. I will always look back at the good times I had, the lifelong friends I have made and the countless memories that will last a lifetime," said David Gill of his experiences at Lynn.

This weekend, and many at the University, have given students a chance to get wild and enjoy their college experience. They will always look back at weekends such as Spring Fling and reflect with laughter.

JUMP HIGHER! The Volleyball Tournament was very hot and entertaining. The teams played their hardest and had a great time.

Spring Fling

Spring Weekend started on Friday afternoon when over 60 students competed in the annual Volleyball Tournament on Frieburger Lawn. The tournament lasted all afternoon and ended just in time for the traditional Beer Garden. The Beer Garden this year had a barbecue for those students who were of age to drink. This event gave students the chance to relax after a long day of school and a tough Volleyball tournament. Some also enjoyed a nice swim in the nearest lake.

As the evening started to unfold the students got to take another chance at the game of life, by attending Casino Night, which was sponsored by the RHA. This event started at 8pm and lasted until all the prizes were given out. Students had a chance to win gift certificates, DVD player, cordless phone, Play Station, and many other fabulous gifts.

It was late Saturday morning when teams of six got together in front of the Softball fields to participate in the Annual RA Challenge. The challenge was a good way to test how well teams can work together under pressure, and get dirty at the same time. Events ranged from egg toss, twelve legged race, and spirit obstacle course.

It proved to be a successful Spring Fling Weekend and students can't wait to see what is to come for next year.

RA Challenge

RA Challenge

Students were definitely out of character Spring Fling weekend. Here is a look at some of those crazy and fun things that many of Lynn's students participated in. It was not only students but faculty as well that made the weekend so much fun.

One member of Black Student Union gets down at a Decade party.

Sigma's Manuela Gravia and Jane Schlesinger hand out candy at the Halloween Bash.

Amali Senviratne, Dan Sullivan, and Kari Gonska await the upcoming SGA meeting..

Lizzie Stronberg, Heidi Cohen, and Jacob Lucarelli participate in a leadership seminar.

"The champagne toast was the start of a great new tradition at the KOR gala."

Senior Lara Murdock

STUDENTS GET INVOLVED OUTSIDE OF THE CLASSROOM ORGANIZATION

What do you do here? Serving as the Student Activities theme this year, it posed the challenge to students to reach out, do more, and be more. Many students answered by choosing to get involved in the many different clubs and organization offered on campus.

"I believe that education derives not so much from digesting facts and details, but rather from engaging oneself actively in the true breadth of life experiences. I choose to involve myself in a plethora of activities because I sincerely cherish the ability to interact with a vast array of people, each with varying ideologies, interests, passions, and creative energy. Involvement is the opportunity for one to emit the genius that one maintains. A class can give you

STAR members pass out information about the National Smokeout.

information, but knowledge is attained through means of expressive energies, and clubs and organizations provide the outlet for this expression," said involved student sophomore Dan Sullivan.

Others chose to get

involved as a social opportunity.

"The reason that I got involved in Sigma is that I have a special bond with my sisters. For example, every Wednesday my little sister and I go out for lunch or dinner and I can talk to her about things I can't talk to anyone else about," said Sigma Sigma Sigma president Danielle Hanoud.

Other organizations centered around majors while others focused on volunteering and community service.

Each organization on campus offered experiences that students will be able to use once they leave college and enter into their chosen profession.

story by KATHLEEN SHEHAN

COULD THEY BE HAVING MORE FUN? Dana , Mike Shannon, Ryan Jusick, Layla Wilson , and Kelly Kuhlman take are loosened up as the evening progressed.

GET DOWN GET DOWN. Virginia Van Atwerp and Hunter Kepley take to the dance floor. The 12 piece band played four different sets over the course of the evening. During one break many students took to the stage and started their own version of karaoke.

SISTERHOOD. Members of Sigma Sigma Sigma take a moment to smile for the camera. Many organizations chose to come together and enjoy the opportunity to have a good time.

THE PLANNERS. Members of KOR pose for a picture to celebrate their successful evening. Planning for the Gala began as early as July and continued through the day of the event.

KOR GALA

a welcome opportunity to leave campus
for a night of dancing and romancing

The evening began in Lynn Dorm as the two girls prepared for the evening ahead of them. Earlier that day they had been to the salon for a manicure and an up do. At home they put on their finest jewels and slipped into their evening gowns. They anxiously awaited the arrival of their dates. The four of them headed outside to the awaiting limosunes that were to take them to the Gala.

This was the beginning of a beautiful evening. These couples were headed to the Annual KOR Gala at the Holiday Inn. The Gala is thrown each year as a way for students to celebrate the upcoming holidays. This year, in anticipation of the upcoming millinuem, the theme was Turn of the Century. The Ballroom was decorated in Black, Red, and Silver. Students were treated to a feast of roast beef, turkey, mashed potatoes, vegetables, and an incredible selection of desserts.

The entertainment of the evening was provided by Knight Life, a 12 piece band that played tunes ranging from the classic YMCA to Madonna's Ray of Light.

Tickets were sold prior to the event for \$40 a couple or \$25 single and over 100 students attended.

FUN FOR ALL.
The evening was filled with fun, food, and dancing. The Gala gave students an opportunity to put on their sharpest threads and their dancing shoes.

CHAMPAGNE TOAST

A new tradition was implemented this year at the KOR Gala - a champagne toast celebrating the upcoming year. This year the toast was given by KOR chair sophomore Dan Sullivan.

PALM BEACH PRINCESS. David Gill, Amali Seneviratne, Dan Sullivan, and Lara Murdock participated in the SAIL Leadership retreat held on the Palm Beach Princess.

WHATS GOING ON? Pat Moen, Jordan Kuhn, and Dan Sullivan discuss what the upcoming events for the members of KOR will be. KOR was active around campus.

PICTURE PERFECT. The members of KOR worked Orientation in both the Spring and Fall. They made student ID cards for all of the students.

END OF THE YEAR PARTY. KOR pause for a photo at their last social of the year.

KOR

The Knights of the Round Table the legacy lives on...

The Knights of the Round Table is an organization that begun in 1983. This core group of individuals were selected on their academic standings and leadership skills. They lived by their mission statement, which was to serve the Lynn University campus just like the mystical charcater King Arthur had done.

Since 1983, KORhas abided by that same mission but revised it over the years.

By the year 2000 KOR had changed tremendously. The major addition to the group was expanding new membership to seven and providing the organization with a grand total of twelve members. These additional members brought new and inventive ideas to the group. Their mission statement was revised to fit with the times and the needs of LynnUniversity's campus.

KOR expanded horizons by aiding the school in many functions that are held on campus and as well as the SACS accreditation process that the university was going through. KOR also had an instrumental role in the Orientation process, in both the Fall and Spring. They helped new students acclimate to campus life.

Story by KARI GONSKA

NATURAL BORN LEADERS. Each member of KOR is specially chosen to represent the school. These students worked hard all year to give the community a positive impression of Lynn students.

GETTING INVOLVED

Members of KOR were involved in all different areas of student involvement. Members are seen here in Midnight Madness and Mocktails during Alcohol Awareness Week.

LOOK AT THE CAMERA AND SMILE. David Gill has been working really hard to get the handicap ramp working so that everyone had access to the upstairs of the Lynn Student Center.

PRESIDENT AND SECRETARY. Lara Murdock and David Gill smile with relief that another meeting went very well and that the campus seems to be in tip top shape.

ALL BUSINESS AND NO PLAY. Amali Seneviratne, Dan Sullivan, and Kari Gonska are ready to get the Student Government meeting started.

WHAT A GOOD LOOKING GROUP. Advisor; Jim Hundrieser, Vice President; Kari Gonska, Treasurer; Dan Sullivan, Secretary; Lara Murdock, President; David Gill, Community Service; Amali Seneviratne, RHA; Mike Vigil.

Student Government

SGA worked throughout the year
to improve campus life

The Student Government Association met every other week to discuss issues that students around campus wanted to see addressed. Some of the issues the Student Government tackled this year were adding parking spots, sending a monthly mailer to off campus students, getting better access to AOL, aiding transportation to Harid from Lynn, putting better lighting in the North Parking lot, putting stop signs in the north parking lot, getting pencil sharpeners into each classroom, and putting up volleyball nets on the lawn of Frieburger. Those were just some of the problems that were solved over the past year.

"SGA is a way to bring bright new fresh ideas to the table," said Freshman Jon Williamson.

The Executive Board consisted of: David Gill(President), Kari Gonska(Vice President), Lara Murdock(Secretary), Dan Sullivan (Treasurer) Amali Seneviratne (Community Service Chair), and Mike Vigil (RHA Chair).

"The E-Board worked together collaboratively throughout the year to ensure student satisfaction," said senior Amali Seneviratne.

MAKING HISTORY.
The E-Board for Student Government made history by staying together and completing all of their goals.

Story by *KARI GONSKA*

BREAKFAST CLUB

The Breakfast Club was held every other week, and it was designed to gather all club and organization leaders together to discuss the problems that each group has faced.

GIVE IT UP FOR BLOO. Kari Gonska and Fran Guidici pose with members from the alternative band Bloo. Bloo performed on the Elmore Commons patio on a Friday night.

AND THE WINNER IS.... Junior Karlton Brown was the M.C. for the Fall Talent jam. Karlton was responsible for the comedy and novelty acts that came to campus.

RECRUITMENT. Megan Bubba and Jim Huber discuss the Activities Board during the Student Activities Fair. SAB used this as a time to recruit members to their organization.

HEATED DEBATE. Mark Sullivan and Kuri Gonska debate who should have won the Fall Talent Show. There were 12 talented acts, and deciding the winner was tough work.

Student Activities Board

and now a look at the students who
met all of your entertainment needs

Senate Activities Board is a faction of the student government that was lead by SGA Vice-President Junior Kari Gonska. The members of the SAB were responsible for planning at least two activities a week that were opened to the whole student body. Activities ranged from Knight's at the Movies at Mizner park to bus trips to Dolphin's games to huge inflatable carnivals on the Freiburger Lawn. SAB also brought X-treme Air, Video Flicks, Karaoke, Drive-In movies, dance parties, and comic mind readers to campus.

Planning of the calendar took place the semester before. Members of the executive board were responsible for finding the act, talking to the agent, negotiating the cost, and getting the contract signed for the correct date. Once the contract was in place, the real work began. These students were also responsible for the set-up, publicity, and tear down of all events once they came to campus. Many long hours were given by these students for the benefit of the entire campus.

"It was a lot of hard work, that was sometimes very thankless, but it was incredibly worthwhile," said Kari Gonska.

RUN FOR YOUR LIFE. Kari Gonska Vice President of Senate runs to save her advisor Kathleen Shehan, who apparently got thrown into the lake by one of the students. Hopefully Kari saves Kathleen in time!!!

FUN ON THE JOB

Being a member of the Senate Activities Board came with a lot of responsibility but it was also a lot of fun too. Here SAB E-board members show the lighter side of programming.

CREATE YOUR OWN. At the Pre-Spring Carnival members of KIC help children create their own buttons. All profits from the day went towards their Up 'til Dawn team. KIC stayed up all night with the Up 'til Dawn program.

WRAPPIN FOR CHARITY. Several members of KIC work throughout the day to wrap presents for migrant farmers. KIC provided several projects throughout the year that allowed other students to give of their time and energy to help out the community.

ROCK-A-THON. Amali Seneviratne and Lilitana Samayoa sit outside a basketball game rocking for change. Members of KIC could be seen rocking all over campus hoping to collect spare change for children.

THE PLANTERS. Members of Sigma Sigma Sigma, Lara Murdock, Megan Bubb, and Dave Gill take time out of their Saturday to plant flowers in the beds on the second floor of the Lynn Student Center.

Knights In the Community

students take time from their busy schedules to give back to the community

Known to many as KIC, the Knights in the Community, was a faction of the Student Government dedicated solely to providing several different parts of the community with service.

KIC met every week to determine what philanthropic events they would participate in. Members of KIC took two Habitat for Humanity trips to West Palm Beach and also worked in several soup kitchens. "Serving people at a soup kitchen was such an overwhelming feeling. You could actually see the gratitude in the peoples' eyes, which in turn made me feel gracious for the opportunity I was given to help people who are in need," said Jackie George, KIC secretary.

During the holiday season, KIC went Christmas caroling and also wrapped over 500 gifts for migrant workers.

KIC also did many fundraisers throughout the year to raise money for their Up 'til Dawn team.

In April the organization hosted a huge Easter Egg Hunt for disadvantaged children from the local community.

The year ended with their Clothing Drive benefitting the Salvation Army.

HABITAT FOR HUMANITY. Members of KIC and other Lynn students took two trips to West Palm Beach to work on houses. Students painted, built fences, and laid foundation for two different houses.

COMMUNITY SERVICE

"Community service is actually a lot of fun. It is an extremely gratifying sensation to be the reason behind a smile. I was happy to be Santa Claus for a day in order to entertain the elderly at the Whitehall nursing home," said senior Marlon Calderon.

MEMORIES THAT WILL LAST FOREVER. The experiences had by members of Best Buddies will be remembered by them and their buddies for a lifetime.

TIME TO HAVE FUN. Lizzie Stromberg organized many social activities for the organization throughout the year.

DINING OUT. Amali Seneviratne and Stephanie Peard enjoy a delicious meal at one of the fine restaurants that they were able to tour this past year.

FUTURE HOTEL OWNERS. Left to Right, Amali Seneviratne, Kendra Prince, Lara Murdock, Sam Olhouge, Alison Dines, Jeffery Giangereco, Brooke Abramowitz, Michael Squire, Adam Blalie, Stephanie Peard.

Hospitality Club and Best Buddies

Students get a chance to broaden their horizons.

The Best Buddies and the Hospitality Club have both worked really hard to complete all of their goals for the year. Both organizations target different individuals. Best Buddies was for the students who wanted to get involved in community service type activities and the Hospitality Club was for those students who wanted to learn more about hotels and restaurants. Students were able to visit local hotels and restaurants to view first hand what it is like to work in the industry.

Best Buddies has been around for the past five years and currently have ten committed members. These students get together with their buddies to do fun filled activities such as: parties, car washes, Halloween parties, and also a day on campus. Each student was a companion to be a buddy.

"With the change of the century many more students were involved than in the past, which made this year stronger for us than last year," said Lizzie Stromberg President of Best Buddies

The Hospitality Club in addition to local activities also had the chance to attend a hospitality convention in New York as a net working opportunity.

JEFFERY GIANGERECO, TREASURER OF THE HOSPITALITY CLUB. "The fact that we are all specializing in different areas of the hospitality industry gives us the chance to expand on our knowledge and ideas for the future."

Story by KARI GONSKA

Buddy to Buddy

Best Buddies touches the lives of those that seem to be neglected. "You get to do a lot of interesting things with people that wouldn't otherwise get the chance to explore the world," said Megan Misorek

A NIGHT ON THE TOWN. It is not all about practicing your faith but the bonding that goes along with it. The Hillel group is out on the town.

SMILE YOU ON CANDID CAMERA. After a long day of making goodies for their next celebration the girls decided to stop and relax.

GET CONNECTED. This was the theme for the Hillel group throughout the year. They asked the students of LU to stop and Get Connected.

THE WORKERS. These were some of the members of the E-Board for Hillel. This group met every week to discuss issues and plan events.

Religion on Campus

both the Newman Club and Hillel
brought students closer to their faith

Faith was the purpose for the religious groups on campus. Hillel is an organization for those who are of the Jewish faith and Newman is for those that are of the Christian faith. Both of these groups have been on campus for several years and have stayed strong and active. The students involved in these organizations believe strongly in their roots and in the spiritual world.

Hillel is a good example of a group with a lot of members that come together to sponsor events and hold functions that celebrate their religion. The group held many dinners and parties that celebrated their holidays. These dinners gave the students a chance to spend time with each other on these religious occasions instead of spending them alone.

Besides planning and participating in their own events, Hillel has made sure to become involved in many other activities on campus. Hillel was one of the organizations who formed a team and raised money for Up 'til Dawn.

The Newman Club met every Tuesday and held events that would allow students to get to know each other better. Their advisor was Father Marty Devereaux.

MEMORIES. Hillel organized many socials throughout Spring and Fall semester. They also participated in the SAIL workshops held in both the Spring and Fall.

Story by KARI GONSKA

NEWMAN GROUP

This group is another organization that likes to spread the good word throughout Lynn University. It is a group that is dedicated to the Christian faith. These students also are involved in charity events.

WELCOMING AT THE OPEN HOUSE. Nytricha Smith, Chantal Vickers and Kendra Prince spent one of their Saturday's in December meeting prospective students. The Open House gave clubs the opportunity to tell students about their organization.

CRUISIN' ON A SATURDAY AFTERNOON. Jenny, Terry, and Charles represented the Black Student Union at the February Leadership Retreat held on the Palm Beach Princess. The retreat allowed organizations to talk about what was going on in their groups.

RECRUITING FOR THE BLACK STUDENT UNION. At both the fall and Spring Activities Fair, members brought out music and pictures to show students what they were all about.

WINDOW PAINTING. One of the events during Homecoming was to decorate a panel of the Student Center. Jean and Charles take a moment to admire their work.

Black Student Union

members of BSU spent the year focusing on togetherness and programming

The Black Student Union had a busy and productive year. Lead by President Nytricha Smith, the Black Student Union decided to work on two things: a chance for students to be social together and educational programming. Black Student Union planned such events as Roller Skating Night, their Annual Spring Semester Talent Jam, a Pajama Party, and they ended the year with a Poolside Party. Several members of the Black Student Union also went to Florida International University to see a Step Show put on by the black fraternities and sororities.

On the educational side, BSU brought several speakers to campus: Becky Waldron, a motivational speaker and Bill Nix, who spoke during Black History Month. BSU also got involved in the movie series on campus showing such films as *The Best Man*, *The Wood*, and *Life*.

BSU, besides planning all of their own events, could be seen participating in the many competitions around campus. They had a team representing them at Midnight Madness (taking home 1st place), Homecoming, Up 'til Dawn, and the RA Challenge.

YOU MAKE ME FEEL LIKE DANCIN'
The Black Student Union had several successful dances with guest DJ's and themes. The parties were thrown by BSU but were open to the entire campus.

PUTTIN' ON THE WHEELS

As seen in the pictures, BSU's Roller Skating night was both popular and a whole lot of fun. Dave Saks took skating to a new height by incorporating costumes and dance moves.

NO DIETS HERE. Two LU students show off their first place "No Diet Sculpture" they made during STAR's Eating Disorder Week.

HELPING OTHERS OUT. Senior Hunter Kepley poses with some of the Trick or Treaters at Sigma Halloween Bash. STAR not only created their own programs but participated in other organizations programs as well.

BACKSTAGE PASS. Members of STAR pose for a photo after a Peer Theater Performance at the Harid Conservatory. Members role played real life situations for high school students living at Harid.

KUDOS TO ANA! Freshman Ana Segura is applauded by the models for her efforts in coordinating the first Fashion Show during Eating Disorders Week to promote people's bodies of all shapes and sizes.

A group of STAR's

these students taught awareness and responsibility about current health issues

The members of STAR (Students Teaching Awareness and Responsibility) celebrated two years of being a group on campus. The purpose of STAR is to promote health and wellness issues among the student population without being preachy or lecturing. They helped hundreds of students make healthy informed decisions about serious issues that effect their life now, as well as their life in the future. STAR had a stellar year doing just that.

In October STAR completed a solid week of Programming for Alcohol Awareness Week, followed in November by the great American Smokeout. Other important topics that STAR informed and programmed for students about included: Eating Disorders Week, Safe Spring Break, Stress Relief, Depression Screening, Sexual Responsibility, and Peer Theater were they performed a series of role plays.

President Hunter Kepley, senior, was named Student Leader of the Month twice for his efforts involved with the organization STAR. He said an advantage to being in the group was that he "developed knowledge about issues by advocating and promoting healthy living to peers."

DEDICATED. The president, Hunter Kepley, advisor Bretta Selby Kennedy and the members of STAR were dedicated to making sure students had the right information to make informed decisions.

LUNCHTIME INFO

STAR found an effective way to give student's information was outside of the cafeteria during lunch. They provided give-aways, raffles, and important health and wellness materials.

BEST FRIENDS: Manuela Gravia and Mariuche Harth have bonds that extend past sharing the same native country. They are sisters through the sorority Sigma Sigma Sigma.

HOLIDAY PARADE: Danielle Winn, Danielle Hanond, and Manuela Gravia dress in different decades of the 20th century. Sigmas spent many months working on completing the float.

SET SAIL WITH TRI SIGMA. During Rush week, the ladies put together many events including the theme party for a successful recruitment.

INITIATION. After a beautiful ritual of initiation for new members, Tri Sigmas take a minute to pose for the camera.

TRI SIGMA

A Story of Sisterhood,
Love and Bonds!

Sigma Sigma Sigma, the first Sorority to be installed at Lynn University is moving forward with the turn of the century stronger and more successful than ever. A group of women share a bond and a sense of sisterhood that drives them into making a difference at Lynn University and our community.

Tri Sigma Sorority supports the Robbie Page Foundation, a play therapy for kids, among other philanthropic causes.

At the same time the ladies have a lot of fun at their socials and events. "By joining Tri Sigma I made more girlfriends and enhanced my social life" says Jane Schelesinger.

But Sigma is not only based on good times. For some, Tri Sigma is a learning experience. "While I developed a bond with my sisters, and share friendships like no others, I seek leadership opportunities I can apply after I graduate," says Danielle Hanoud.

Sigma planned many events throughout the year. Halloween Bash, Holiday Float, and Apple Polishing to name a few. Sigma also raised \$1000 for Up 'til Dawn. Sigma is looking forward to continuing to make a difference at Lynn. story by Mariuche Harth.

GREAT NEW SPIRITED SISTERS: During Halloween Bash our newly initiated sisters prove to be spirited to the best.

SISTERHOOD IS EVERYTHING

"For there is no friend like a sister in calm and stormy weather, to cheer one on, to fetch one if one goes astray, to lift one if one totters down, to strengthen whilst one stands." - Christina Rossetti

CELEBRATE GOOD TIMES. Senior Dave Gill takes to the dance floor with a "senior" from a local retirement home. Students like Dave really showed these elders what big hearts Lynn students have.

LOOKING FOR MEMBERS. Karrie Liller and another member of Kappa Delta Pi tell students about their organization at the Student Activities Fair held in both the Fall and Spring Semesters.

GROUP SHOT. Members of Kappa Delta Pi are shown here at a local elementary school during Fundamentals of Reading Week.

KΔΠ Kappa Delta Pi

honor society for
education majors

Kappa Delta Pi is an International Honor society for the education majors. This year was one of the most productive years this honor society has had. The organization was dedicated to helping education majors meet influential individuals in the field of education and with helping members develop their own teaching strategies. Kappa Delta Pi does not only just encompass students, but teachers and administrators as well. This mixture of students and established teachers created an atmosphere of learning and excitement.

Throughout this year the Chi Rho chapter at Lynn University had presented several different workshops that included events to sponsor the Fundamentals of Reading Week, and Healthy Kid's Day.

The group this year was comprised of thirty members and six of the members served on the e-board. The President this year was Carrie Liller, and the advisor was Dr. Carole Warshaw.

Residence Hall Association

programming for the
on campus students

The Residence Hall Association (RHA) lead by Mike Vigil, and advisor VA Hayman focused on listening to the students concerns and trying to make campus a better place to live.

"I feel RHA had a successful year. We had many residents help us with projects throughout the year. I hope this trend of RHA growing continues as the University also continues to grow," said junior RHA President Mike Vigil.

Another aspect of RHA was programming. They sponsored the Senior Prom, which united a student with a senior member from a retirement home. They also sponsored Casino Night during Spring Fling weekend, giving away hundreds of dollars in cash and prizes. RHA was the driving force behind the Study Break Breakfast held before Finals in the Fall semester.

RHA was part of the Up 'til Dawn event, raising the most money by a student group.

KEEPING BUSY. Members of RHA kept themselves busy: Matt Slobodkin and Lisa Delgado at Senior Prom; Mike Vigil and Danielle Winn at the Activities Fair; two students enjoying themselves at the Study Break Breakfast.

IT IS TIME TO REPRESENT. MOAS participated in Alcohol awareness Week by making a delicious Mocktail.

ALL DRESSED UP: The girls got all dressed up for the Annual Halloween Bash that is held for the children in Boca Raton.

OFF TO THE BALL. At every MOAS conference there is a ball where all the diplomats get together to discuss the weeks meetings and to socialize.

THE DIPLOMATS. Look at the faces of the students who are talking to an Amassador. It was a long but exciting day in D.C.

Model OAS

these students traveled around the world to discuss important issues

The Model OAS is one of the newest organizations on Lynn University's campus. This group was very unique because of the structure and the diversity within the whole model. The major difference this year compared to last was there were two groups that attended the model. The group that functioned through the classroom setting attended a model in Edmonton, Alberta, Canada, and the organization attended the model held in Washington D.C.

The whole purpose of the model was to stimulate the actual OAS, where students represented a country and proposed resolutions. There were students from all over the world that attended this conference. The week of events was filled with major debating, caucusing, and meeting sessions.

IT IS ALL ABOUT BUSINESS. The students that went to the conference dedicated themselves to writing speeches and caucusing. The students had to know what was happening in the Western Hemisphere.

GETTING STARTED

Before the group went to the Model Conference they had a lot of preparation. The students attended the Leadership retreats and participated in many activities such as the Boca Raton Parade.

THEY SING THEIR HEARTS OUT! Jon Williamson, Chris Guido, Stefanie Stein, and Danielle Winn, all came together to sing a good song for the students that attended Up 'til Dawn.

ON A SERIOUS NOTE. Caroline Bowers, a former student of Lynn, talks with a St. Jude's Patient to the audience about the disease cancer and how much they appreciated all the hard work that each student put into raising money.

TOO MUCH EATING!!! Stuart Kozlowski got caught red handed. He was taking the last ice cream bar and did it when no one was looking.

ALL TOGETHER NOW! All the students that shared time and energy into raising money got together at the final hours to capture the memories.

Up 'til Dawn

a charity event that students got to
enjoy all night long.

It was the first annual Up til' dawn that Lynn University had ever seen. This program was put together by hard working students that wanted to make a difference in a persons life. The whole purpose of the event was to celebrate the fund raising efforts of the Lynn University community for the benefit of St. Jude Children's Research Hospital.

The Executive Board was made up of eleven students who each chaired a committee. In addition to the E-Board there were 20 committee members whose combined efforts raised over \$24,000.

The extravaganza was the final event that was comprised of several events, and games to keep the groups awake for the whole night. The night was filled with excitement and emotion and the students got to see and hear from many different patients that all shared one thing.

"To play an integral role in the fight against childhood cancer is an indescribable emotion. Knowledge in your heart that you made strides to make gentle the life of this world is indeed a most inspiring revelation," said sophmore Daniel Sullivan.

A TIME TO REMEMBER. The night was long and full of different activities that friends and others got to enjoy together. Students played games and ate a lot of food throughout the evening.

AN AID IN HELPING CHILDREN

"I felt that the best part of Up til' Dawn was seeing all the students working together, with a bit of fun competition and first hand learning. The students were excited to raise money for St. Jude Children's Research Hospital, while gaining valuable practical knowledge which will assist students in developing professional skills," said senior Lara Murdock

THROUGH THE DECADES. Members of MOAS and Sigma sport the fashions from the decades. Both groups worked on this float for two months before the event.

GOT THE SPINS? A Lynn University student spins a goblin from Boca Elementary as he gets ready to pin the nose on Jack-O-Lantern. Kids could win candy, stickers, and other treats at all of the little stations.

LAST MINUTE DETAILS. Freshman Jim Huber attends to the lights as the final touches for the float are put together. Much of the float had to be put into place once they arrived in Mizner.

SAY CHEESE. All of the Lynn Students who participated in the event gathered at the end of the night for a group photo. Students from 15 organizations helped make the night a success.

Pulling Together

organizations come together to create a
Halloween Bash and Holiday float

In Fall semester several organizations came together on two huge projects to represent Lynn University to the community.

In October spearheaded by Sigma Sigma Sigma all clubs came together to put on a Halloween Bash for the local children of Boca Raton. The Henke room was transformed into a spooky Halloween haven for kids and parents alike. Each organization manned a table that provided students with games and crafts to create. All the children came in costume and awards were given out for the Most Creative, Scariest, and Cutest costume. The kids also received prizes for bobbing apples, throwing giant bugs into a toilet, and pinning the nose on the Jack-O-Lantern.

In December the annual Boca Raton Parade was held with the theme of "Reflecting on the Past and Looking into the Future." Lynn students participated by building a float that represented the fashion's of the decades.

"Working on the float was a lot of fun. It gave me a chance to get involved and do something for the community," said freshman Jim Huber who played a huge role in the construction of the float.

BLAST FROM THE PAST.

Danielle Winn, Kari Gonska, and Marabelle ??? rode on the float and represented their respective decades. The crowd enjoyed the students and the float immensely.

A NEW TRADITION

This year the Sigma's focused more energy on what the children would enjoy and came up successful. "The kids loved the button making station and the fishing for candy the most," said Mariuche Harth.

Leadership Celebration

The Leadership Celebration was held at the end of the Spring Semester to recognize all of the hard work and dedication the student leaders on campus had put forth throughout the year. Leaders of the different clubs and organizations were given the opportunity to share what they had accomplished. The evening began with a buffet dinner and concluded with the awards program, where students and organizations were recognized for excellent achievement. "The evening was a culminating event, a chance to reflect on the previous year, thank the students for all of their efforts, and recognize them," said Coordinator of Student Activities, Kathleen Shehan.

THE PULSE. Carissa Boehm and Hillary Hunter take a moment to thank Andrea Brunstien and Alyce Culpepper for their dedication.

IT'S DINNERTIME. The Resident Assistants sit together at the Leadership Banquet. Lisa Scala was recognized as Outstanding RA of the Year.

THANKS FOR ALL OF YOUR HELP. The advisors of the clubs and organizations were recognized at the banquet and presented with a thank you gift.

A THE PROGRAMS FOR THE INTELLECTUAL MIND **CADEMIC** **3**

Even though Lynn University is a small private institution, the values of learning are the same or even higher than at state institutions. The Academics Deans have tried to adopt many different kinds of courses students would know their course of study well.

Reading, writing and arithmetic are not the only thing Lynn professors instill in their students. They have given students hands on experience by taking them out to the field. The professors developed long lasting personal advice given to each individual person in the classroom. This advice will be carried far into the future.

The newest growing addition to the University was the PhD. program in education. This program had only been around for a few years and is constantly growing.

Academia doesn't only stop at students that just graduated from high

*Sergio Sancho studies
diligently for his next exam.*

school, but is also offered for adults that never went to college or wish to continue their education. A Continuing Education program gave the older student a chance to advance through regular courses to computer courses.

Lynn University is unique in the aspect that it provides a wide range of programs for different ma-

jors on campus. The academic organizations range from debating, to writing for the student newspaper, to producing a T.V. show to mocking an International Organization.

Students in these organizations leave with more knowledge of the world and a possible future in that field of interest.

Another academic program that Lynn offered was internships. Craig Cunningham adviser of the program, has given students many new and different options when it comes to finding the right job.

Lynn prides itself on having many different programs and extracurricular activities to keep the students minds working. The school in the turning of the center will have implemented many more programs for students to learn from.

Story by KARI GONSKA

HONOR'S CONVOCATION. Honor's convocation was held in the Fall and Spring semester to celebrate students with high scholastic achievement. Students from Harid played several pieces while interested students looked on.

Academics

Although Lynn is a small school, the different academic curriculum's offer a wide variety of major's and classes for students to take. Students can learn to fly with the Department of Aeronautics, become the manager of a Funeral Home through the Funeral Services Department. Many students will graduate and head into the Hotel Restaurant Management Industry after getting their start at Lynn. Other majors that students find interesting are graphic design, communications, fashion design, and sports management.

One of the ways students were recognized for exceling in their classes and majors was at the Honor's convocation held each semester. Over 200 students were honored with a certificate and handshake from the Dean of their college followed by a reception on the Elmore Commons patio.

"The Honor's convocation was a nice way for the school to recognize the hard work work I put into achieving good grades during the semester," said a student.

CONTINUING EDUCATION

Lynn offers many members of the community an opportunity they can't resist: the chance to take course in the evening. The Continuing Education program provided students who work full time a way to still get their degree. Here students take a break from their evening classes to get some pizza and soda from the Knight Cafe, a program sponsored by the Office of Student Activities for Continuing Education Students.

ANOTHER DAY ANOTHER CLASS. Two students find their way home after a morning filled with classes.

THANK YOU. Faculty members enjoy a luncheon thrown for them by the Student Government Association.

SAY WHAT? Students debate a topic presented to them at a leadership workshop held in the Fall.

ALCOHOL 101. Freshman student uses his time in the computer lab to check out the interactive Alcohol 101 CD Rom. All students are required to take Freshman Seminar upon entering Lynn.

It was the first year that the Harid Student played at Graduation to show the other undergraduates what they had accomplished. It was also the first time that those who graduated from Harid received a Lynn degree.

MAKING MUSIC

The turn of the century had brought many new avenues for the music majors at the Harid Conservatory. The program at the conservatory is of music and academics.

There were students that ranged from ages 18-27 that were enrolled in the four year undergraduate program. These students are not only from the United States but from all over the world. The students that are accepted to the school are the ones that possess great talent, with the goal of performing at the professional level.

The students must choose to con-

centrate on only one musical instrument, even though they may be gifted in many. With the study of this instrument the students must take a basic keyboard course, which allows students to hear themselves play through digital feedback.

The students no longer live on the conservatory campus, but on Lynn's main campus and they attend core courses. The joining of the two schools has opened up many doors to both staff and students.

This transition has given students a chance to become more culturally enriched.

Story by KARI GONSKA

The students, for the first time, received the opportunity to perform in front of Lynn students at certain functions such as: Mr. Lynn's funeral, Open Houses, and at Graduation. The Lynn students are also welcome to attend any concerts at the Conservatory for free.

AFTER THE SUN GOES DOWN.
Harid offered another unique curriculum for students to take advantage of.

NOT ONLY MUSIC! Students at Harid are not only into music they also find themselves involved in Lynn University activities.

CAN YOU HEAR THE MELODY?

Students play their hearts out at every Harid Concert, to make sure every note is fine tuned.

CARNIEGIE HALL WATCH OUT!

Students at the Harid Conservatory are standing in front of Carnegie Hall after a trip to New York.

Paula Pisani is filming the Frontiers of Globalization on security.

Stuart Simon is helping at the Citrix Tournament with filming.

Jeese Jleed is getting some great footage on the tennis match.

Communications

Get ready in 5, 4, 3, 2, 1. The communications department had given students an opportunity to work hands on in projects that dealt with media production and editing. The department had two major players in teaching the hands on techniques: LUC and LUTV.

Lynn University Communications was a student and staff run service. It was headed by two staff members, who both assisted the students on the special projects. These projects were Harid Conservatory (Philharmonic, Chamber Music), Frontiers in Globalization, Success Speakers, Heart Association, Fashion Show, Citrix Tennis Tournament, and Graduation to name a few. All these projects were done as a service to the university.

The students that worked on these projects were student volunteers that did the projects to enhance their skills. The students that have played a major part in helping with LUC was Alex Arnott and Stuart Henderson.

LUTV was a student organization that was run solely by the students. They did all of the filming and editing themselves. The head of the organization was Shelbie Casey, and she and many others took on some interesting projects such as; Dear Pen Pal, Boca Central, and other projects that targeted the Boca area.

The students in the communications department have worked very hard on the projects that were given to them and will be able to use all the experiences later on in their future careers.

Story by KARI GONSKA

"My experience up in the communication department has been one that is amazing. I learned a lot in Video Production, which is my future goal, and in just basic film production," said Alex Arnott, junior from Dublin Ireland. He plans to return to Ireland and use the skills that he learned working in LUC.

Alex Arnott and Stuart Henderson are busy directing for the Harid Conservatory shoot.

Andy Vermes and Stuart Henderson are at the Citrix Tennis Tournament. The students shoot the championship tournament.

Boca Central with the three leading ladies: Paula Pisani, Shelby Casey and Abbey Suazo.

Patrick Battle, Jason Pier and Stuart Henderson are on shoot at the Boca Raton Airport. They are capturing the opening of the aeronautics building.

STUART HENDERSON, junior,
manager of the radio station.

MARK SULLIVAN, junior,
assistant manger of the station.

JOSH BILDER, sophomore,
DJ for the radio station.

WLYN

your only college alternative

The radio station had a busy year. DJ's like DJ Cookie, Cheap Thrills, the Searge, and an assortment of others made their radio debut on 96.1 FM.

The radio station added several new componenets to their full functioning station: new turntable, sound board, and a completely new set up that made their deaying experience more professional.

Besides broadcasting over the airwaves, D.J.'s also found themselves providing the music at several events on campus. They were heard

at the Sigma Halloween Bash, the Senate Carnival, the Senior Prom, Up 'til Dawn, the Talent Jams, and many other student organized events.

The station was managed by Stuart Henderson, Mark Sullivan, and Nytricha Smith.

"This year the station had a couple minor setbacks, but we worked hard to correct the situation and look forward to a productive next year. We have a lot of young talent that will continue to help our station grow," said WLYN member junior Mark Sullivan.

Who wants to be a DJ?

Stuart Henderson did whatever it took to help out any organization on campus. He wanted all of the students on campus to tune in to WLYN. As you can see, he will dress for any occassion.

BUSY ALL THE TIME. Mark Sullivan and Abby Suazo promote the radio station at the annual activities fair.

PLAY THAT FUNKY MUSIC. The DJ's try to attend as many events as possible.

THE HITS JUST KEEP COMING. Mark Wynter, a freshman, shows off his other musical talents besides being a DJ for WLYN.

WHAT'S UP SOUTH FLORIDA? DJ Cookie is spinning the hits to wake up this campus and to get them to move and groove. 96.1 FM has been known to have a variety of music that can be heard throughout the day and even into the evening hours. The station does not only play at on campus events, they have also been involved in a Spin Contest that is held at the Chilipepper in Ft. Lauderdale. Lynn University has placed high in this event both years. The station has definitely come a long way and continues to be heard all over Boca Raton.

BUSY AS BEES. It is all work and no play when it comes to the PULSE. The writers have to be on their feet at all times to catch the right lead. Here three students are at the weekly staff meeting.

PULSE

The PULSE is the universities way to link what is going on with the student life, sports, and current events. The paper even though seems new is not. The PULSE has been around ever since the College of Boca Raton.

The paper over the years has grown drastically from the style of writing to the plethora of information that has been formed to make up the paper. The PULSE had been blessed the past couple of years with the experienced advisors and creative writers.

They have added editorials and opinion pages this year. The paper also

had a sports column written by Nathan Murray.

It seems every year the Pulse loses an editor and gains another. This year Natalie Smith turned in her red pen and moved forward. Natalie graduated in December of 1999, and gave her red pen to Hilary Hunter and jCarissa Boeha to fill her shoes.

The Pulse ventured up to New York City for a journalism Conference to learn more on how to improve their skills and how to apply writing to their everyday life.

Story By KARI GONSKA

Co-editors Hillary Hunter and Carissa Boehm are looking forward to the challenge of building the PULSE. The idea of having a co-editor for the PULSE makes things a lot more efficient than in the past. "I hope that the both of us can get things done more effectively than in the previous years," said Hillary Hunter co-editor.

THE PULSE STAFF. It took a whole team of students to produce the paper every 3 weeks.

LISTEN UP. Sharon Harrington and Dan Markell listen for their beat.

SAY CHEESE. Photographer Daisuke Takizawa looks through the film.

RECRUITING. Hillary Hunter and Simon both work hard at the Activities Fair to promote the PULSE.

LOOKING AT THE PAST. Students who went to Ireland got a chance to view the historic sights, as well as the Universities. Students who went on the Spring Break Trip received 3 credit hours.

STUDY IRELAND

Every year during Spring Break, students study abroad in Dublin, Ireland for 10 days. They tour the country, earn credits, and have fun.

This year Marsha Glines and Dick Cohen chaperoned 22 students. In order to receive the three credits, students participated in all activities, completed a journal, and wrote a five page paper about the education system in Ireland vs. the education system in America.

Students visited schools, museums and historical sights. The literary pub crawl incorporated beer

and history, actors took the group to the haunts of famous authors. "The best was the pub crawl," junior Lauren Scicolone said. "We actually learned a lot."

Students moved onto London where they had two nights on their own. "The sightseeing and culture was great, but the food left something to be desired," said senior Brian Kottraba.

"The experience was excellent. I really enjoyed, being in Ireland and learning so much about the country," said graduate student Kristen Moraz.

First Row: Michelle Chudy, Megan Bubb, Patricia Redrow, Dr. Cohen, Dr. Glines, Elizabeth Harris Second Row: Brian Degan, Alan Fuerman, Whitney Thomas, Rudy Samalot, Kim Walker, Stephen Rosenthal, Kim Walder Third Row: Nancy Hurst, Ginger Wortley, Lauren Bernstein, Lauren Scicolone, Jen O'Hanlon, Jaime O'Hanlon, Colin Knott, Kristen Moraz Back Row: Edward Penn, Michael Vigil, Andrew Marini, Emily McLean, Barry Connors, Melanie Glines, Brian Kottraba, Brian Weintraub

HOME SWEET HOME. The students stayed at the American College of Dublin on their trip overseas.

MY GOODNESS, MY GUINNESS. Although the trip was academic in nature, students found time to slip to the Guinness Brewery.

PUB LIFE. Alan Feurman, Andy Marini, and Brian Weintraub take a break at an Irish Pub.

A LOOK AT FARM LIFE. A group of students tour an old farm house in Ireland.

Marlon Calderon shows his Sports spirit at the soccer games.

Did you know that Women's Volleyball did not start until Lynn University was founded in 1992

Track and Cross Country was just established in the fall of 1999.

Women's and Men's Golf has been around since the College of Boca Raton.

"For once in my life, I really have nothing to say!"

Michel Cartwright
Senior, Men's Soccer Team.

THE INTERGRATION OF SPORTS INTO LYNN UNIVERSITY CAMPUS

S P O R T S

It was that time of the year where the sports teams got all of their gear together and hit the gym. The time where the men's and women's sports teams got their act together and started a hard core training session not only for the body but for the mind as well.

These men and women that dedicate their time and devotion to a particular sport to make sure they put their all into every game. Each student not only is responsible for playing the game but for keeping a handle on their academics as well.

How can they wake up before the crack of dawn to train and then attend classes the rest of the day, and in most cases go back to practice at the end of the day? The college sports teams are filled with hard working and dedicated individuals.

It may sound like all they do is eat, sleep, and drink sports, but they don't.

Darian Bryant is one of the new additions to the men's basketball team.

Most of these students find time to do other extracurricular activities.

The university has offered a variety of different sports teams since the beginning of the college.

When the college first started out as Marymount College, they did not offer any sports. With the switch over to the College of Boca Raton, they put

sports into effect. By the year of 1989, the College of Boca Raton had Mens and Womens soccer, tennis, golf, and baseball.

Since the switch from College of Boca Raton to Lynn University, the sports program has added Softball, Volleyball, Track and Field, Crew and Cross Country.

Not only does Lynn University have Intercollegiate Sports teams, but also intermural teams. The athletic department has opened up the field to every individual on campus so that they could enjoy sports in a friendly, competitive nature.

The change over the centuries has been very noticable. The major addition was the addition of more women's sports teams and the fact that new sports are continually added onto the campus.

Story by **KARI GONSKA**

Angela Rossini takes on her opponent as she makes her way down to the goal.

WOMENS SOCCER

Our Women's Soccer Team closed their season ranked 16th in the nation with an easy win over Florida Southern. The Knights had an extremely tough schedule this season. They ended the season with an 11-4-0 record with a 4-1-0 conference record.

The Lady Knight's placed seven players on the All Sunshine State Conference teams. Jannie Nicholaisen and Marie Kolbert earned the first team honor for two consecutive years. Joining them this season were Michelle Cox, Erin Warner and Marika

Karlsson. In the second team were Katie Katzmark and Sarah Reed.

Reed played all games but one, which allowed her just 10 goals and 7.0 shut-outs

Though the Knights

did not make it to the finals this season the played like winners and tried there hardest to bring home the wins. Besides they always have next year.

KATIE KATZMARK

Katie is a senior from Coon Rapids, MN. She has played at Lynn since her freshman year. "Katie has been incredible for our program and is one of the few players that has excelled in 3 different positions in the starting line-up," said Coach Orrezoli.

Jannie Nicholaisen takes on the goalie from the opposing team hoping she will drop the ball and she can score a goal.

MENS SOCCER

Lynn Men's Soccer season ended with a 15-3-1 record. During the Knights last game they were forced to play with 10 players instead of 11, because in the 74th minute they had a player removed from the game. This still did not stop Lynn from giving it their all.

The Knights had seven players selected for the 1999 All Sunshine State Conference first and second teams. They placed 5 players on the first team and two on the second team. In addition to

the 7 players Coach Shaun Pendelton was named Coach of the Year.

In two years of conference play the Knights have had a 13-0-1

record. Gareth Dunn earned first team honors for the second consecutive year. Joining him were Matt Nelson, Dean Wilson, Lee Dukes and

Finn Tomulevski. Our second team players were Morton Kristensen and Jaime Howe.

This season marked Lynn's second straight Sunshine State Conference title. The winning goal against Florida tech. was scored by senior Mathan Murray. He did this with less than three minutes remaining in the game.

story by **FRAN GIUDICI**

MATT NELSON

Matt's a senior from Tampa, FL. He has played at Lynn for 4 years in the position of goalie, making him the backbone of the team. This year Nelson posted 10 shutouts and surrendered just 11 goals.

Dean Wilson passes by his opponent while he tries to get the ball from him.

Volleyball Finished Season with 10-15 Record

The girls played hard and focused on improving their old records, which they did.

In interim head coach Deb Pope inherited an experienced team that returned all six starters from last year's squad.

This was the Knights fourth season and with it came a lot of improvement. For the first time in their history, the volleyball team obtained wins in the double digits. Strong play between

Luciana Freire, Kristen Fantozzi, and Fernanda Campos was the major reason that the team was able to obtain double digit wins.

The team is looking forward to the future because they have only lost two players, and will be returning with many of their strongest players still in tact.. The

women are keeping their confidence up and are ready to begin the new season with a kill

Coach Chad Barr, Head Coach Celia Slater, Trainer Michael Duck, Michelle Newman, Kim Gardner, Manager Wendy Moore, Manager Allegra Green **Seated:** Iscande Dillon, Mandy Mitchell, Carrie Rucison, Yashica Jackson, Beth Richards, Gaby Gonda, Kristen Fantozzi, Fernanda Caupos

WOMEN'S BASKETBALL

When the buzzer sounded, ending their first round game against the University of Tampa in the Sunshine State Conference Tournament, it also marked the end of their 1999-2000 season. Coach Slater and her team found themselves with an overall record of 13-14 in the regular season and 4-12 in conference play, and are already looking forward to next season. This past season saw this team go on a seven game winning streak, defeating Barry University on the road, and playing tough at both ends

every time they stepped on the court. As the season ended, so did the careers of five seniors, but Coach Slater is confident that

this year's freshman class will step up and meet the challenges of next season. "Next year we will have Mandi Mitchell,

Islande Dillion, Gabriella Gonda, and Michele Newman who I think will do a great job for us," said Slater.

CREW & CROSS COUNTRY

What once began as a club has become a collegiate sport. Active throughout the year, the Lynn University Crew Team began practice and conditioning in the fall and competition in the Spring. "No one on the team has ever rowed before, but I have a lot of confidence in them. It took a semester to learn the fundamentals, and the next term we will compete," said Coach Karla Cordero. The young

team rowed in the Rollins Invitational and the Sunshine State Conference Championships.

"It's a great physical challenge when rowing, but it also challenges you mentally as well. We must all be in sync with our rows. If we aren't, then we

slow down. We have to pay close attention to what everyone else is doing; it is one of the most challenging sports," said junior Jason Epstein.

The Fighting Knights entered conference play on March 17 with an 18-7 record and were nationally ranked but struggled throughout the rest of the season. Facing Florida Tech at home in the first conference weekend, Lynn won the series 2-1. The following week the team traveled to St. Petersburg where they were upset twice by Eckerd and finished the series 1-2. Rollins then pulled off a detrimental series sweep in Winter Park. Back at home, the team took one game over Barry, and finished the series 2-1. The Fighting Knights finished off regular season play with three losses against rival Florida Southern.

Back at home, the team took one game over Barry, and finished the series 2-1. The Fighting Knights finished off regular season play

with three losses against rival Florida Southern.

Story by **JAMIE SIMINSKI**

ADAM ROMER

Designated Hitter Adam Romer had another outstanding season for the Knights. He also had a great year in the classroom as well.

Centerfielder Landon Thomas leads off of first base.

The LU spirit echo's throught the gym when the squad starts to practice.

1999-2000 Cheerleading Squad

CHEERLEADERS

The Cheerleading squad has been going strong for the past six years now, and are in step towards the millennium. This group is one of those unique additions to the University because of the squad's interesting history.

In 1989 the squad started strong with seven ambitious girls. They disappeared for six years and came back to show Lynn University just what school spirit was all about. In 1995 the squad consisted of eleven females.

Since 1995 the women have given a hun-

dred and ten percent no matter how tough it seemed to be. Students don't realize that cheerleading is a sport just like football.

This year they changed their style and performance. The squad also adopted a new coach, **Gloria**

Dixon. This coach has brought the squad new ideas and high hopes for the coming seasons.

Story by **KARI GONSKA**

KELLY WEIMER

Kelly Weimer has seen so many of the squads ups and downs over the past four years. Kelly has been quoted to say, Lynn University cheerleaders are stepping into the millineium with nothing but high hopes and a prosperous future." With those thoughts she has made sure to keep the girls alive and strong.

Don't stop get it, get it, that's the way LU likes it..

"I can't believe how quickly the four years flew by, it was the busiest most exciting time of my life."

Senior Fran Giudici

FINAL YEAR IS THE END OF A JOURNEY THROUGH LYNN SENIORS

Being a senior at Lynn means that you have taken some ownership of this university. You are a part of a group who has stayed until the end. You have been a part of an everchanging and improving university. You have seen Lynn Residence Hall, the International Center, and the Lynn Library go up. You have watched enrollment soar over the past four years. You have been a part of something that is getting bigger and better everyday.

You have taken countless tests, spent endless hours in classes. You have completed projects, papers, and internship hours. You have learned something new everyday. You have spent time on campus in the gym, laying out at the pool, eating in the cafeteria, going to programs, taking advantage of what Lynn Uni-

THE FINAL GAME.
Charles Wiseman with his family at his final home basketball game.

versity has to offer. During this same time while you succeeded academically, you have made incredible connections. You have found mentors in your professors, allies within the staff, and lifelong friendships with the other students in your classes, on your halls, and at this University.

What you have accomplished at Lynn will be a spring board for you that will take you onto your future endeavors.

Senior year was welcomed and dreaded by students. Welcomed because it meant the end of a journey, the fulfillment of accomplishing what they had set out to do: earning a college degree. Dread because it meant the end of college was near, responsibility looming. During the year, in addition to tests and homework, resumes and cover letters needed to be written. Interviews needed to be scheduled. For some seniors GRE's and LSATS needed to be taken. One thing is for sure, senior year began the transition from life as a student to getting ready to go out and make their mark in the "real world."

Story By Kari Gonska

Alan Keyes, keynote, gives an inspirational message to the graduates. Dr. Cohen accepts the Teacher of the Year Award from Dr. Ross.

Graduates await their turn to walk across stage and receive their diplomas.

Dr. Ross congratulates each graduate as they receive their diploma.

JAIME YOU HAVE ALWAYS MADE
US SO PROUD OF YOU...
CONGRATULATIONS...
WE LOVE YOU!

MOMMIE, DADDY, JENNIFER AND MICHAEL,
GRANDMA AND POPPI TOO!

Dearest Diane,

We know how hard you have worked these past four years, and we are so proud of you - especially graduating with honors!

Lots of Love,
Mom and Dad

Dear Diane,

You're a tough act to follow!
Congratulations!

Love,
James

TO: DIANE BILICKI
YOU'RE OUR ROLE MODEL!
CONGRATULATIONS GRADUATE!
WE LOVE YOU,
YOUR FAVORITE COUSINS

TO DIANE BILICKI
ANOTHER REASON TO CELEBRATE!
CONGRATULATIONS!
LOVE,
GRANDMA, ALL YOUR AUNTS, AND UNCLE PAT TOO!

Congratulations HUNTER!

Here's to your success at Lynn
Your challenge at Barry
(in graduate school)
and
to your happiness
in your future career

Love,
Mom, Dad and Nelson

Randi

*What lies before us and what lies behind us
Are small matters compared to
What lies within us.
And when we bring what is within
Out into the world,
Miracles happen!
You earned your wings my little one
So fly.*

*With love & joy
mommy*

CONGRATULATIONS RICKY

NOW FOLLOW YOUR DREAMS.

MOM & DAD

"I WOULDN'T TRADE THE DAYS I'VE
SPENT WITH YOU FOR
ANYTHING...WELL MAYBE ONE THING -
A MILLION MORE JUST LIKE THEM."

We look at you today
And see our precious daughter
No longer a baby
But a beautiful person
With a full range of emotions &
feelings, ideas & goals.

DARLING AMALI,
FIND A RAINBOW
AND LIVE YOUR DREAMS.

As all of your tomorrows
Open themselves to you,
Never forget how proud
We are of you
And how much we love you...
Yesterday, today & always.

Thaththi & Ammi

Robert-

As you complete your college career and begin the next chapter of your life, know that we are with you always. Reach for the stars, they are yours to take. We are so proud of you! Keep God in your heart always.

Congratulations!

We Love You,
Mom, Dad, and Greg

Dear Mariuche,
Congratulations on all
of your achievements.
We missed you so much
during the four years at
Lynn University, but
you compensated your
absence by being a
constant source of
pride and love to your
family.

Love,
Mom, Dad, and Leo

A mis papas:
Gracias por el amor, el apoyo y el respeto que me brindan cada instante de mi vida, los amo! Carolina

To my parents:
Thanks for the love, support, and respect that you give me every second of my life. I love you both, Carolina

Maria Carolina: Siempre tuvimos la certeza que lograrías culminar exitosamente tus estudios profesionales. ¡Felicitaciones! Recuerda con gratitud las enseñanzas de tus maestros y conserva con respeto en tu corazón el claustro de la Lynn University. Enfrenta tu trabajo de la misma manera que tu vida: De la mano de Dios con amor y dignidad!
TE AMAMOS PARA SIEMPRE, Tus padres, Jairo y Elizabeth

Juanse: Eres el regalo mas hermoso que me ha dado Dios. Siempre podras contar con mi apoyo y mi amistad. Tu mamá que te amará siempre, Caro
Juanse: You are the most wonderful gift God has given me. You will always have my support and my friendship.

I love you forever, your mom Caro

Mama, "I yo you!!"
Mama, "AMO!!"

A mis hermanas y cuñados: Gracias porque se que siempre puedo contar con ustedes. To my sisters and Brothers-in-law: I know you are always there for me. Thank you!!

A Juan K, Manu, Dani, Vale y Sofia, su sonrisa llena mi vida de alegría. To Juan K, Manu, Dani, Vale y Sofia, your smile fills my life with happiness.

Congratulations Honey, you made it! Your hard work, discipline and dedication have finally paid off. I wish for nothing but the best for you in the future and will always be there for you and Juanse with my unconditional love and support, Jason

Felicitaciones "Honey," lo lograste! Tu fuerte trabajo, disciplina y dedicacion se han compensado. No te deseo nada mas que lo mejor para tu futuro y siempre estaré ahí para ti y para Juanse con mi amor y apoyo incondicional, Jason

A mis Abuelos, Abuelas, Tios, Tias, Primos, Primas y Amigos, siempre los llevo en mi corazón. To my grandparents, uncles, aunts, cousins, and friends, I always take you with me in my heart!!

From your
Grandmother

I always said you could do it and you proved me right; you are someone special and you will go far in your career.

The love you show for your family and friends reflects the kind of person you are. May your future happiness be as bright as this day! (Just say yes!!)

With all of my heart and love,
Grandma

From Dad

Staci,
I always told you that you had what it takes to accomplish any goal. I am so proud of you and all your accomplishments!!!!
I love you!
Dad

From Your Best Guy, Mike

Dear Staci,
I am so proud of you and all your achievements. You have come a long way and I cannot wait until you are home for good, so we can start our lives together.
Love Always,
Mike

STACI KRUGMAN

From Cousin Lori

Dear Staci,
I want to wish you all the best from the bottom of my heart. I am so proud of you and Michael will be also. Even though we don't talk much, you are always in my heart, and never far from my thoughts.
You did it kid and deserve all of life's wonders, go get them!
All my love,
Lori

From Your Loving Brother

Dear Staci,
Do not consider this time of your life as ending, but as the beginning of your new life. Remember to always strive for the things you want out of life; as long as you try your hardest, you can achieve anything!!!!
I love you always,
David

We cannot believe you have reached this point in your life: a college graduate and marriage all in one year. We are so proud of you, we can't put it into words.

Our hearts are so full of pride and love for you. You're a unique, special, and insightful young woman; so wise beyond years.

Michael will be so proud of you. May your new life be filled with all of your wishes granted.

With all of our love,
Uncle Cal and Aunt Ilene

From your Uncle Cal
and Aunt Ilene

NYTRICHA

To your Mom and Dad you are NYTRICHA
 To your Sisters and Brothers you are TRICHA
 To your Nieces you are AUNTIE RHIA
 To your godmother you are her BUMBLE BEE
 To your grandmother you were her TINKA TOY
 And to all of us you are special
 You have always made us laugh, never cry
 You have always made us proud
 From your elementary school Excellence Award in
 Junior High School
 To your JR Achievement Award in High School
 To becoming a student leader in College
 You have been and always will be
 OUR SHINING STAR!!!!
 We love you and pray for your continued success
 throughout your life.

Love,
 Mom and Dad

CONGRATULATIONS CORY!!!

“YOU ARE SIMPLY THE BEST!!”

**WE ARE BLESSED TO LOVE
YOU!!**

**YOUR UNLIMITED
CAPABILITIES AND LOVING
HEART WILL TRULY
MAKE A DIFFERENCE!!**

**LOVE,
MOM, DAD, MARC, NICOLE and
FAMILY**

IN MEMORY

The town of Boca Raton along with the Lynn University community mourned the greatest loss. This loss was of a man who dedicated all of his time and effort into the town in which he lived in for many years. On November 28, 1999 Eugene M. Lynn passed away, leaving a loving wife and daughter. He was born in Kansas City, Missouri, on November 6, 1918.

Eugene M. Lynn was the Chairman Emeritus of Lynn Insurance Group, and a long time community leader. He also served as a member of the Board of Trustees of the College of Boca Raton in 1989 and has been affiliated with the college since that time. In 1991 the College was renamed Lynn University in the honor of Mr. Lynn and his wife Christine. The Lynns have been responsible for several of the major buildings on the campus including the Lynn Residence Center and the Eugene M. and Christine E. Lynn Library. They were also the driving force behind the creation of the Eugene M. and Christine E. Lynn School of Communications.

Over the years he has been recognized on many occasions for meaningful and significant contributions to his community and to the State of Florida. Places such as Stetson University, Florida Atlantic University, The Boca Raton Chamber of Commerce, and the Fort Lauderdale Sun-Sentinel, the Better Business Bureau, YMCA, Hospice by the Sea, and numerous others have recognized his determination to better peoples lives.

The campus and community will not be the same without the man that brought so much hope and inspiration to everyone who met him. We will always remember the love he had for Lynn University and his memory will live on.

Staci Krugman

To My Girl Staci-

You're a bright star in the galaxy that far outshines any other. I love you and I'm so very proud of you! Always be proud of yourself & your accomplishments. Be true to your convictions! You're a work in progress, your journey has just begun.

With all my love,
Mom

FRAN

Congratulations on your graduation. The Yearbook Staff is so grateful for all of the hard work and support you have provided throughout the year. Good luck in your future endeavors!

Lynn just won't be the same without you Kristen!

There is so much to thank you for, it is hard to even be sure where to begin. Your commitment, your dedication, your wonderfully positive attitude will definitely be missed in the Office of Student Activities. NOVA Law School has no idea how lucky they are. Congratulations on an excellent stint here at Lynn.

*Much Love,
Jim & Kathleen*

THE EXCALIBUR

Changing Centuries

FROM THE EDITOR

A lot of time and energy has gone into the creation of this year's yearbook. There are many people I would like to thank for making my job easier. First to my advisor, Kathleen, who spent many days and late nights helping to ensure this book got done. Without her there would be no pictures in the book. I would also like to thank the staff for their help in getting the information together for the many articles. I also owe a big thank you to the clubs and organizations that provided us with quotes and photos of their many activities. Without Dan Lester, our Walsworth representative there would be many incomplete pages, thanks Dan. Finally I would like to thank Jan Glitz, Greg Malfitano, and The Pulse staff for providing us with the history and pictures necessary to complete this book!

I look forward to doing this all again next year!
 Kari Gonska

ABOUT THIS BOOK

The 1999-2000 edition of The Excalibur, Changing Centuries was printed by Walsworth Publishing Company and had a run of 200 copies.

The font used for all body copy in this book was Times Roman.

The fonts used for headlines, sidebars, and advertisements were: Abyss, Boxy, Fairchild, Fatback, Feltpoint, Gunner, Hardbrush, Herman, Import, Iron Maidern, Knockout, Mastermind, Matthew, Michael, Unitedland, and Yellow Jacket Bold.
